

Friday 6<sup>th</sup> September 2024

Dear Parents,

We are looking forward to the year ahead and all the fantastic fun and learning that will take place. To start us off this year it would be great if you could fill in the three boxes. This is something we do every year, and it is a good opportunity for you to update us with important information about your child and their learning journey. Please can you complete the attached form with your child and return to us by next **Friday, 13<sup>th</sup> September.**

We are not expecting your child to write their ideas on the sheet, they can be written by an adult, but we would appreciate if you sat with your child to discuss their ideas as we will be going through the sheet with your child and discussing them further.

**Some suggestions for answers:**

**Things that are important to me** - Family members (names), friends, pets, hobbies, favourite objects ...

**Things that people like about me** - I am kind, thoughtful, a good friend, helpful ...

**How best to help me learn and develop** - Give me lots of praise, show me pictures as prompts, give me one instruction at a time, let me have time to talk through my task with an adult before I begin, tell me I am doing well with my work...

Thank you for your support, and we hope that you enjoy doing this task together. We are looking forward to working with you and your child this year.

Miss Tingay, Mrs Johnson and Mrs Sully
